JURISDICTION AND VENUE

9. This action arises under the patent laws of the United States, Title 35, United States Code. The Court has subject matter jurisdiction over this action pursuant to the provisions of 28 U.S.C. §§ 1331, 1338(a), 2201, and 2202.

10. This Court has personal jurisdiction over Apotex by virtue of the fact, *inter alia*, that Apotex has committed a tortious act of patent infringement that has led and/or will lead to foreseeable harm and injury to Pfizer throughout the United States, including in the State of Delaware. In particular, this suit arises out of Apotex's filing of ANDA No. 220458 seeking FDA approval to sell Apotex Generic Tofacitinib XR Tablets prior to the expiration of the RE'783 patent throughout the United States, including in Delaware.

11. On information and belief, if ANDA No. 220458 is approved, Apotex Generic Tofacitinib XR Tablets will, among other things, be marketed and distributed by Apotex in Delaware, prescribed by physicians practicing in Delaware, dispensed by pharmacies located in Delaware, and/or used by patients in Delaware.

12. Apotex's infringing activities with respect to its filing of ANDA No. 220458 and its intent to commercialize and sell Apotex Generic Tofacitinib XR Tablets prior to the expiration of the RE'783 patent have led and/or will lead to foreseeable harm and injury to Plaintiffs, including Pfizer Inc., which is incorporated in Delaware.

13. In the alternative, this Court has personal jurisdiction over Apotex under Federal Rule of Civil Procedure 4(k)(2). Apotex has contacts with the United States by virtue, *inter alia*, of its filing ANDA No. 220458 with the FDA.

14. Venue is proper in this judicial district pursuant to 28 U.S.C. § 1391. As a foreign corporation, Apotex may be sued in any judicial district pursuant to 28 U.S.C. § 1391(c)(3).

BACKGROUND

Xeljanz XR

15. The active ingredient in Pfizer's Xeljanz XR product is tofacitinib citrate. Xeljanz XR contains tofacitinib citrate in an amount equivalent to 11 mg or 22 mg of tofacitinib base in extended-release tablets formulated for once-daily administration..

16. The FDA-approved Prescribing Information for Xeljanz states that tofacitinib citrate has the following chemical name: (3R,4R)-4-methyl-3-(methyl-7H-pyrrolo [2,3-d] pyrimidin-4-ylamino)- β -oxo-1-piperidinepropanenitrile, 2-hydroxy-1,2,3-propanetricarboxylate (1:1).

17. Tofacitinib citrate is an inhibitor of Janus kinases ("JAKs") and is indicated for the treatment of adult patients with moderately to severely active rheumatoid arthritis who have had an inadequate response or intolerance to one or more Tumor Necrosis Factor ("TNF") blockers, for the treatment of adult patients with active psoriatic arthritis who have had an inadequate response or intolerance to TNF blockers, for the treatment of adult patients with active ankylosing spondylitis who have had an inadequate response or intolerance to one or more TNF blockers, and for the treatment of adult patients with moderately to severely active ulcerative colitis who have an inadequate response or who are intolerant to TNF blockers.

Orange Book Listing for Xeljanz XR

18. Pfizer Inc. holds approved New Drug Application ("NDA") No. 208246 for EQ 11 mg and EQ 22 mg base tofacitinib citrate extended-release tablets, which it sells under the registered name Xeljanz XR. The Xeljanz XR tablets are approved for the treatment of rheumatoid arthritis, psoriatic arthritis, ankylosing spondylitis, and ulcerative colitis.

19. Pursuant to 21 U.S.C. § 355(b)(1) and the regulations the FDA has promulgated pursuant thereto, the RE'783 patent is listed in the FDA publication titled "Approved Drug

Products with Therapeutic Equivalence Evaluations” (the “Orange Book”) for the Xeljanz XR NDA.

20. The Orange Book lists the expiration date for the RE’783 patent as December 8, 2025, and states that NDA No. 208246 has exclusivity until June 8, 2026, because the FDA has granted Xeljanz pediatric exclusivity pursuant to § 505A of the Federal Food Drug & Cosmetic Act.

21. The Orange Book lists three additional patents for Xeljanz XR that are not at issue: U.S. Patent No. 9,937,181 (expiring March 14, 2034, with pediatric exclusivity until September 14, 2034), U.S. Patent No. 10,639,309 (expiring March 14, 2034, with pediatric exclusivity until September 14, 2034), and U.S. Patent No. 11,253,523 (expiring March 14, 2034, with pediatric exclusivity until September 14, 2034).

The RE’783 Patent

22. On September 28, 2010, the United States Patent and Trademark Office (“USPTO”) issued the RE’783 patent, titled “Pyrrolo[2,3- d]pyrimidine Compounds.” The RE’783 patent is a reissue of U.S. Patent No. 6,627,754, which issued on September 30, 2003. The RE’783 patent is duly and legally assigned to Pfizer Inc. A copy of the RE’783 patent is attached hereto as Exhibit A.

23. On December 14, 2016, the USPTO issued a Notice of Final Determination extending the expiration date of the RE’783 patent to December 8, 2025.

24. C.P. Pharmaceuticals International C.V. is the exclusive licensee of the RE’783 patent.

25. C.P. Pharmaceuticals International C.V. conveyed rights under the RE’783 patent to Pfizer Pharmaceuticals LLC, PF PRISM C.V., and Pfizer PFE Ireland Pharmaceuticals Holding 1 B.V.

26. Pfizer Pharmaceuticals LLC has conveyed its rights to the RE’783 patent to PBG Puerto Rico LLC.

27. Pfizer PFE Ireland Pharmaceuticals Holding 1 B.V. has conveyed its rights to the RE’783 patent to PF PRISM IMB B.V.

Apotex’s ANDA

28. By letter dated May 8, 2025 (the “Apotex Notice Letter”) and received by Pfizer on/around May 8, 2025, Apotex notified Pfizer that it had filed ANDA No. 220458 with the FDA, seeking approval under the Federal Food, Drug and Cosmetic Act to market and sell Apotex Generic Tofacitinib XR Tablets—generic copies of Xeljanz XR (tofacitinib citrate EQ 11 mg and 22 mg base tablets)—prior to the expiration of the RE’783 patent.

29. The Apotex Notice Letter describes the Apotex Generic Tofacitinib XR Tablets as “Tofacitinib Extended-Release Tablets, 11 mg and 22 mg.”

30. The Apotex Notice Letter states that Apotex has filed ANDA No. 220458 seeking to “engage in the commercial manufacture, use or sale” of Apotex Generic Tofacitinib XR Tablets prior to the expiration of the RE’783 patent.

31. The Apotex Notice Letter asserts that ANDA No. 220458 contains a “Paragraph IV” certification under 21 U.S.C. § 355(j) alleging that the RE’783 patent is “invalid and/or not infringed” by Apotex Generic Tofacitinib XR Tablets.

32. Attached to the Apotex Notice Letter was Apotex’s detailed statement asserting the purported factual and legal bases for Apotex’s contention that the claims of the RE’783 patent are invalid and/or will not be infringed by the commercial manufacture, use, sale, or offer for sale in the United States or importation into the United States of Apotex Generic Tofacitinib XR Tablets.

33. Apotex's detailed statement alleges that all claims of the RE'783 patent are invalid. Apotex's detailed statement does not contain a noninfringement argument with respect to the RE'783 patent.

34. On information and belief, upon approval of ANDA No. 220458, Apotex will sell and distribute Apotex Generic Tofacitinib XR Tablets in the United States.

CLAIM FOR RELIEF

COUNT I

(Infringement of the RE'783 Patent by Apotex Generic Tofacitinib XR Tablets)

35. The allegations of paragraphs 1-34 above are repeated and re-alleged as if set forth fully herein.

36. Pursuant to 35 U.S.C. § 271(e)(2)(A), Apotex's filing of ANDA No. 220458 seeking approval to market and sell Apotex Generic Tofacitinib XR Tablets before the expiration of the RE'783 patent was an act of infringement of at least claim 4 of the RE'783 patent, entitling Pfizer to the relief provided by 35 U.S.C. § 271(e)(4), including, *inter alia*, an order of this Court that the effective date of approval for ANDA No. 220458 be a date which is not earlier than the expiration date of the RE'783 patent, or the later expiration of any exclusivity to which Pfizer is or becomes entitled.

37. Apotex had knowledge of the RE'783 patent when it submitted ANDA No. 220458 to the FDA.

38. On information and belief, upon FDA approval of ANDA No 220458, Apotex intends to engage in the manufacture, use, offer for sale, sale, and/or importation of Apotex Generic Tofacitinib XR Tablets in the United States and will thereby directly infringe at least claim 4 of the RE'783 patent under 35 U.S.C. § 271(a).

39. The foregoing actions by Apotex constitute and/or would constitute infringement of at least claim 4 of the RE'783 patent.

40. An actual controversy exists relating to Apotex's threatened direct infringement of the RE'783 patent.

41. Pfizer will be substantially and irreparably harmed if Apotex is not enjoined from infringing the RE'783 patent. Pfizer has no adequate remedy at law.

PRAYER FOR RELIEF

WHEREFORE, Pfizer requests the following relief:

- A. A judgment that Apotex's submission of ANDA No. 220458 was an act of infringement and that Apotex's making, using, offering to sell, selling, or importing Apotex Generic Tofacitinib XR Tablets in the United States prior to the expiration of the RE'783 patent will directly infringe that patent;
- B. A judgment that the effective date of any FDA approval for Apotex to make, use, offer for sale, sell, market, distribute, or import Apotex Generic Tofacitinib XR Tablets into the United States be no earlier than the date on which the RE'783 patent expires, or the later expiration of any exclusivity to which Pfizer is or becomes entitled;
- C. A permanent injunction enjoining Apotex, its officers, agents, servants, and employees, and those persons in active concert or participation with any of them, from making, using, selling, offering for sale, marketing, distributing, or importing Apotex Generic Tofacitinib XR Tablets into the United States, and from inducing or contributing to any of the foregoing, prior to the expiration of the RE'783 patent, or the later expiration of any exclusivity to which Pfizer is or becomes entitled;

- D. A judgment that this case is an exceptional case under 35 U.S.C. § 285, entitling Pfizer to an award of its reasonable attorneys' fees for bringing and prosecuting this action;
- E. An award of Pfizer's costs and expenses in this action; and
- F. Such further and additional relief as this Court deems just and proper.
