#### **Jurisdiction**

13. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

14. Jurisdiction is proper in this Court pursuant to 28 U.S.C. §§ 1331, 1338(a), and 2201 and 2202.

15. This Court has personal jurisdiction over each of Aurobindo Pharma Ltd. and Aurobindo Pharma USA, Inc.

16. Aurobindo Pharma Ltd. is subject to personal jurisdiction in New Jersey because, among other things, Aurobindo Pharma Ltd., itself and through its subsidiary Aurobindo Pharma USA, Inc., has purposefully availed itself of the benefits and protections of New Jersey's laws such that it should reasonably anticipate being haled into court here. Upon information and belief, Aurobindo Pharma Ltd., itself and through its subsidiary Aurobindo Pharma USA, Inc., develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of New Jersey and therefore transacts business within the State of

New Jersey, and/or has engaged in systematic and continuous business contacts within the State of New Jersey. In addition, Aurobindo Pharma Ltd. is subject to personal jurisdiction in New Jersey because, upon information and belief, it controls Aurobindo Pharma USA, Inc. and therefore the activities of Aurobindo Pharma USA, Inc. in this jurisdiction are attributed to Aurobindo Pharma Ltd.

17. Aurobindo Pharma USA, Inc. is subject to personal jurisdiction in New Jersey because, among other things, it has purposely availed itself of the benefits and protections of New Jersey's laws such that it should reasonably anticipate being haled into court here. Aurobindo Pharma USA, Inc. is a corporation having a principal place of business in the State of New Jersey, is qualified to do business in New Jersey, and has appointed a registered agent for service of process in New Jersey. It therefore has consented to general jurisdiction in New Jersey. In addition, upon information and belief, Aurobindo Pharma USA, Inc. develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of New Jersey and therefore transacts business within the State of New Jersey related to Plaintiff's claims, and/or has engaged in systematic and continuous business contacts within the State of New Jersey.

18. Aurobindo has previously used the process contemplated by the Hatch-Waxman Act to challenge branded pharmaceutical companies' patents by filing a certification of the type described in Section 505(j)(2)(A)(vii)(IV) of the FDCA, 21 U.S.C. § 355(j)(2)(A)(vii)(IV) ("Paragraph IV certifications"), serving a notice letter on those companies, and engaging in patent litigation arising from the process contemplated by the Hatch-Waxman Act.

19. Upon information and belief, Aurobindo, with knowledge of the Hatch-Waxman Act process, directed Aurobindo's Notice Letter to Plaintiff. Aurobindo has been a litigant in connection with other infringement actions under the Hatch-Waxman Act. It was reasonably

foreseeable that Aurobindo would be sued in New Jersey, where Aurobindo Pharma USA, Inc. is located.

20. Upon information and belief, if Aurobindo's ANDA is approved, Aurobindo will directly or indirectly manufacture, market, sell, and/or distribute Aurobindo's ANDA Product within the United States, including in New Jersey, consistent with Aurobindo's practices for the marketing and distribution of other generic pharmaceutical products. Upon information and belief, Aurobindo regularly does business in New Jersey, and its practices with other generic pharmaceutical products have involved placing those products into the stream of commerce for distribution throughout the United States, including in New Jersey. Upon information and belief, Aurobindo's generic pharmaceutical products are used and/or consumed within and throughout the United States, including in New Jersey. Upon information and belief, Aurobindo's ANDA Product will be prescribed by physicians practicing in New Jersey, dispensed by pharmacies located within New Jersey, and used by patients in New Jersey. Each of these activities would have a substantial effect within New Jersey and would constitute infringement of the Patents-in-Suit in the event that Aurobindo's ANDA Product is approved before the Patents-in-Suit expire.

21. Upon information and belief, Aurobindo derives substantial revenue from generic pharmaceutical products that are used and/or consumed within New Jersey, and which are manufactured by Aurobindo and/or Aurobindo Pharma USA, Inc. or Aurobindo Pharma Ltd. Upon information and belief, various products for which Aurobindo Pharma Ltd. or Aurobindo Pharma USA, Inc. is the named applicant on approved ANDAs are available at retail pharmacies in New Jersey.

22. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

23. 30. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

31. The '155 patent, entitled "Methods" (attached as Exhibit A), was duly and legally issued on September 17, 2024.

32. The inventors named on the '155 patent are Sharon Mates, Robert Davis and Kimberly Vanover.

33. Plaintiff is the owner and assignee of the '155 patent.

36. According to Aurobindo's Notice Letter, Aurobindo's ANDA Product contains lumateperone.

37. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed labeling for that product would infringe one or more claims of the '155 patent.

38. As an example, claim 1 of the '155 patent recites:

A method for the treatment of a major depressive episode associated with Bipolar II Disorder, comprising administering to a patient in need thereof, a therapeutically effective amount of lumateperone in mono-tosylate salt form, wherein the method comprises once daily administration of a tablet or capsule comprising about 60 mg of lumateperone mono-tosylate in combination or association with a pharmaceutically acceptable diluent or carrier.

39. As a further example, claim 22 of the '155 patent recites:

41. Upon information and belief, the use of Eurobindo's ANDA Product in accordance with and as directed by Eurobindo's proposed label would involve treating a depressive episode associated with Bipolar II Disorder, including by administering to a patient in need thereof a capsule comprising about a therapeutically effective amount and 60 mg of lumateperone monotosylate in combination or association with a pharmaceutically acceptable diluent or carrier, as recited in claim 22.

42. Upon information and belief, the use of Eurobindo's ANDA Product in accordance with and as directed by Eurobindo's proposed product labeling would infringe one or more claims of the '155 patent, literally or under the doctrine of equivalents.

43. Eurobindo's submission of Eurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Eurobindo's ANDA Product before the expiration of the '155 patent was an act of infringement of the '155 patent under 35 U.S.C. § 271(e)(2)(A).

44. Upon information and belief, Eurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Eurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

45. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe, literally and/or under the doctrine of equivalents, one or more claims of the '155 patent.

46. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the '155 patent.

47. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '155 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '155 patent and specific intent to infringe that patent.

48. Upon information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '155 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. Upon information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '155 patent immediately and imminently upon approval of Aurobindo's ANDA.

49. Notwithstanding Aurobindo's knowledge of the claims of the '155 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '155 patent.

50. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '155 patent; active inducement of infringement of the '155 patent; and/or contribution to the infringement by others of the '155 patent.

51. Upon information and belief, Aurobindo has acted with full knowledge of the '155 patent and without a reasonable basis for believing that it would not be liable for infringement of the '155 patent; active inducement of infringement of the '155 patent; and/or contribution to the infringement by others of the '155 patent.

52. Plaintiff will be substantially and irreparably damaged by infringement of the '155 patent.

53. Unless Aurobindo is enjoined from infringing the '155 patent, actively inducing infringement of the '155 patent, and contributing to the infringement by others of the '155 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

**COUNT II—DECLARATORY JUDGMENT OF INFRINGEMENT OF THE '155 PATENT**

54. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

55. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, contribution to the infringement by others of the '155 patent, and/or the validity of the '155 patent.

56. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '155 patent, will infringe, induce infringement of, and contribute to the infringement by others of the '155 patent, and that the claims of the '155 patent are not invalid.

**COUNT III—INFRINGEMENT OF THE '792 PATENT**

57. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

73. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the '792 patent.

74. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '792 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '792 patent and specific intent to infringe that patent.

88. CAPLYTA® is covered by one or more claims of the '043 patent, which will be listed in connection with CAPLYTA® in the Orange Book.

89. In Aurobindo's Notice Letter, Aurobindo notified Plaintiff of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the '227 patent, the '345 patent, the '009 patent, the '951 patent, the '842 patent, the '419 patent, the '348 patent, and the RE '839 patent. On information and belief, Aurobindo intends to seek approval to engage in the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the '043 patent.

90. According to Aurobindo's Notice Letter, Aurobindo's ANDA Product contains lumateperone.

91. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed labeling for that product would infringe one or more claims of the '043 patent.

92. As an example, claim 1 of the '043 patent recites:

A pharmaceutical capsule for oral administration, comprising lumateperone:

in mono-tosylate salt form, wherein the lumateperone mono-tosylate is in solid crystal form; wherein the capsule comprises the lumateperone mono-tosylate in an amount equivalent to 35 to 45 mg lumateperone free base, and wherein the capsule comprises a blend of 10 to 30% by weight of lumateperone mono-tosylate in solid crystal form, and one or more pharmaceutically acceptable diluents or carriers, wherein the one or more pharmaceutically acceptable diluents or carriers comprises one or more of (a) diluent/filler, (b) binder, (c) disintegrant, (d) lubricant, or (e) glidant, and wherein a single pharmaceutical capsule dissolves in 500 mL of 0.1N aqueous hydrochloric acid to the extent of at least 85% after

15 minutes, and/or to the extent of at least 92% after 30 minutes, and/or to the extent of at least 94% after 45 minutes.

93. Upon information and belief, Aurobindo's ANDA Product is a pharmaceutical capsule for oral administration comprising lumateperone mono-tosylate in solid crystal form in a blend with one or more of the specific diluents or carriers in the specific amounts recited in claim

1. Upon information and belief, a single capsule of Aurobindo's ANDA Product dissolves in 500 mL of 0.1N aqueous hydrochloric acid according to one or more of the parameters recited in claim 1.

94. Upon information and belief, Aurobindo's ANDA Product infringes one or more claims of the '043 patent, literally or under the doctrine of equivalents.

95. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '043 patent was an act of infringement of the '043 patent under 35 U.S.C. § 271(e)(2)(A).

96. Upon information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

97. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe, literally and/or under the doctrine of equivalents, one or more claims of the '043 patent.

98. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the '043 patent.

99. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '043 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '043 patent and specific intent to infringe that patent.

100. Upon information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '043 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. Upon information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '043 patent immediately and imminently upon approval of Aurobindo's ANDA.

101. Notwithstanding Aurobindo's knowledge of the claims of the '043 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '043 patent.

102. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '043 patent; active inducement of infringement of the '043 patent; and/or contribution to the infringement by others of the '043 patent.

103. Upon information and belief, Aurobindo has acted with full knowledge of the '043 patent and without a reasonable basis for believing that it would not be liable for infringement of the '043 patent; active inducement of infringement of the '043 patent; and/or contribution to the infringement by others of the '043 patent.

104. Plaintiff will be substantially and irreparably damaged by infringement of the '043 patent.

105. Unless Aurobindo is enjoined from infringing the '043 patent, actively inducing infringement of the '043 patent, and contributing to the infringement by others of the '043 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

**COUNT VI—DECLARATORY JUDGMENT OF INFRINGEMENT OF THE '043 PATENT**

106. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

107. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, contribution to the infringement by others of the '043 patent, and/or the validity of the '043 patent.

108. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '043 patent, will infringe, induce infringement of, and contribute to the infringement by others of the '043 patent, and that the claims of the '043 patent are not invalid.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiff requests the following relief:

- (a) A judgment that the Patents-in-Suit have been infringed under 35 U.S.C. § 271(e)(2) by Aurobindo's submission to the FDA of Aurobindo's ANDA;
- (b) A judgment ordering that the effective date of any FDA approval of commercial manufacture, use, or sale of Aurobindo's ANDA Product, or any other drug product that infringes or the use of which infringes the Patents-in-Suit, be not earlier than the expiration dates of said patents, inclusive of any extension(s) and additional period(s) of exclusivity;

- (c) A preliminary and permanent injunction enjoining Aurobindo, and all persons acting in concert with Aurobindo, from the commercial manufacture, use, sale, offer for sale, or importation into the United States of Aurobindo's ANDA Product, or any other drug product covered by or whose use is covered by the Patents-in-Suit, prior to the expiration of said patents, inclusive of any extension(s) and additional period(s) of exclusivity;
- (d) A judgment declaring that the commercial manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product, or any other drug product covered by or whose use is covered by the Patents-in-Suit, prior to the expiration of said patents, will infringe, induce the infringement of, and contribute to infringement by others of said patents;
- (e) A declaration that this is an exceptional case and an award of attorneys' fees pursuant to 35 U.S.C. § 285;
- (f) Costs and expenses in this action; and
- (g) Such further and other relief as this Court may deem just and proper.
