C.A. No. 1:19-CV-201

COMPLAINT

Novartis Pharmaceuticals Corporation (“Novartis”), by its attorneys, hereby alleges as follows:

NATURE OF THE ACTION

1. This is a patent infringement action arising under Title 35 of the United States Code and concerning Abbreviated New Drug Applications (“ANDAs”) submitted to the United States Food and Drug Administration (“FDA”) by the above-named defendants seeking FDA approval to engage in the commercial manufacture, use, sale, offer for sale, and/or importation of sacubitril/valsartan tablets, generic versions of Novartis’s ENTRESTO® tablets, 24 mg/26 mg, 49 mg/51 mg, and 97 mg/103 mg, prior to the expiration of U.S. Patents Nos. 8,101,659 (the “659 patent”), 8,796,331 (the “331 patent”), 8,877,938 (the “938 patent”), and 9,388,134 (the “134 patent”).

2. This particular West Virginia suit is a Hatch-Waxman “backup suit,” intended to safeguard Novartis’s rights under 21 U.S.C. § 355 *et seq.* in the event of potential disputes over jurisdiction and/or venue. A substantively identical suit was filed earlier in the District of

Delaware against Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited. Eighteen other groups of generic drug-maker defendants thus far have been sued in Delaware in connection with their ANDAs for generic versions of Novartis's ENTRESTO® tablets.

JURISDICTION AND VENUE

18. This Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1338(a).

19. This Court has personal jurisdiction over Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited because, on information and belief, each such Defendant has committed or has aided, abetted, contributed to, or participated in the commission of tortious acts of patent infringement in preparing and submitting ANDA No. 213646 with a certification pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV), which acts have led to foreseeable harm and injury to Novartis in West Virginia.

20. This Court also has personal jurisdiction over Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited because, on information and belief, each such Defendant, upon approval of ANDA No. 213646, will commit or will aid, abet, contribute to, or participate in future tortious acts of patent infringement permitted under ANDA No. 213646 that will be

purposefully directed at West Virginia, including the marketing of the Mylan ANDA Products in West Virginia, prior to the expiration of the '659, '331, '938, and '134 patents.

21. This Court also has personal jurisdiction over Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited because, on information and belief, each such Defendant's affiliations with the State of West Virginia, including Mylan Pharmaceuticals Inc.'s incorporation in West Virginia, Mylan Inc.'s ownership of and actions in concert with Mylan Pharmaceuticals Inc., and Mylan Laboratories Limited's actions in concert with Mylan Pharmaceuticals Inc., are sufficiently continuous and systematic as to render each such Defendant essentially at home in this forum.

23. Venue is proper in this Court because Mylan Pharmaceuticals Inc. is incorporated in the State of West Virginia and therefore resides in this judicial district; because, on information and belief, Mylan Inc. has committed and/or will commit acts of infringement in this judicial district and has a regular and established place of business in this judicial district; and because Mylan Laboratories Limited is a foreign entity who may be sued in any judicial district, including West Virginia. 28 U.S.C. § 1400(b); 28 U.S.C. § 1391(c)(3).

INFRINGEMENT OF THE PATENTS-IN-SUIT

35. Novartis incorporates paragraphs 1 – 17 and 24 – 34 as if fully set forth herein.

36. On information and belief, Mylan Pharmaceuticals Inc., by itself or in concert with Mylan Inc. and Mylan Laboratories Limited, submitted to the FDA ANDA No. 213646 under the provisions of 21 U.S.C. § 355(j) seeking approval to engage in the commercial

manufacture, use, sale, offer for sale, and/or importation of the Mylan ANDA Products prior to the expiration of the '659, '331, '938, and '134 patents.

37. This action was commenced within 45 days of Novartis's receipt of the Mylan Notice Letter.

38. By filing their ANDA under 21 U.S.C. § 355(j) for the purpose of obtaining approval to engage in the commercial manufacture, use, sale, offer for sale, and/or importation of the Mylan ANDA Products in or into the United States prior to the expiration of the '659, '331, '938, and '134 patents, Mylan Pharmaceuticals Inc., and, on information and belief, Mylan Inc. and Mylan Laboratories Limited have committed an act of infringement under 35 U.S.C. § 271(e)(2).

39. On information and belief, when Mylan Pharmaceuticals Inc. filed ANDA No. 213646, Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited were aware of the '659, '331, '938, and '134 patents and that the filing of the ANDA with the request for its approval prior to the expiration of the '659, '331, '938, and '134 patents was an act of infringement of those patents.

40. On information and belief, the commercial manufacture, use, sale, offer for sale, and/or importation of the Mylan ANDA Products in or into the United States will infringe one or more claims of the '659, '331, '938, and '134 patents.

41. The Mylan Notice Letter does not deny that the Mylan ANDA Products would infringe claims 1-4 of the '659 patent, and that the use of the Mylan ANDA Products would infringe claims 1, 2 and 5-8 of the '331 patent.

42. On information and belief, the commercial manufacture, use, sale, offer for sale, and/or importation of the Mylan ANDA Products in or into the United States will directly infringe one or more claims of the '659 patent.

45. On information and belief, if the Mylan ANDA Products are approved, Mylan Pharmaceuticals Inc., Mylan Inc., and/or Mylan Laboratories Limited will commercially manufacture, sell, offer for sale, and/or import those products, which will be specifically labeled for use in a method for the treatment of heart failure comprising administering to a patient in need thereof a therapeutically effective amount of sacubitril/valsartan or their pharmaceutically acceptable salts, as recited in one or more claims of the '331 patent. On information and belief, if the Mylan ANDA Products are approved, physicians and/or patients following the instructions in the Mylan ANDA Products will directly infringe one or more claims of the '331 patent. On information and belief, if the Mylan ANDA Products are approved, Mylan Pharmaceuticals Inc., Mylan Inc., and/or Mylan Laboratories Limited will contributorily infringe one or more claims of the '331 patent, and will do so with knowledge of the '331 patent, and that the Mylan ANDA Products are especially made or especially adapted for use in infringing one or more claims of the '331 patent and are not suitable for a substantial noninfringing use.

46. On information and belief, the Mylan ANDA Products, if approved, will contain instructions for practicing a method for the treatment of heart failure in a patient in need thereof comprising administering to the patient a therapeutically effective amount of a sacubitril/valsartan trisodium hemipentahydrate complex, which administration will constitute direct infringement of one or more claims of the '134 patent. On information and belief, if the Mylan ANDA Products are approved, physicians and/or patients following said instructions will directly infringe one or more claims of the '134 patent. On information and belief, if the Mylan ANDA Products are approved, Mylan Pharmaceuticals Inc., Mylan Inc., and/or Mylan Laboratories Limited will actively encourage, recommend, or promote this infringement with knowledge of the '134 patent, and with knowledge and intent that their acts will induce infringement of one or more claims of the '134 patent.

47. On information and belief, if the Mylan ANDA Products are approved, Mylan Pharmaceuticals Inc., Mylan Inc., and/or Mylan Laboratories Limited will commercially manufacture, sell, offer for sale, and/or import those products, which will be specifically labeled for use in a method for the treatment of heart failure in a patient in need thereof comprising administering to the patient a therapeutically effective amount of a sacubitril/valsartan trisodium hemipentahydrate complex, as recited in one or more claims of the '134 patent. On information and belief, if the Mylan ANDA Products are approved, those products will constitute a material part of a method for the treatment of heart failure in a patient in need thereof comprising administering to the patient a therapeutically effective amount of a sacubitril/valsartan trisodium hemipentahydrate complex, as recited in one or more claims of the '134 patent. On information and belief, if the Mylan ANDA Products are approved, physicians and/or patients following the instructions in the Mylan ANDA Products will directly infringe one or more claims of the '134 patent. On information and belief, if the Mylan ANDA Products are approved, Mylan Pharmaceuticals Inc., Mylan Inc., and/or Mylan Laboratories Limited will contributorily infringe one or more claims of the '134 patent, and will do so with knowledge of the '134 patent, and that the Mylan ANDA Products are especially made or especially adapted for use in infringing one or more claims of the '134 patent and are not suitable for a substantial noninfringing use.

48. Novartis will be substantially and irreparably damaged by Mylan Pharmaceuticals Inc.'s, Mylan Inc.'s, and Mylan Laboratories Limited's infringement of the '659, '331, '938, and '134 patents.

49. Novartis is entitled to the relief provided by 35 U.S.C. § 271(e)(4), including an order of this Court that the effective date of any approval of ANDA No. 213646 be a date that is no earlier than July 14, 2023, the expiration of the '659 and '331 patents' pediatric exclusivity,

November 27, 2027, the expiration date of the '938 patent's pediatric exclusivity, and May 8, 2027, the expiration of the '134 patent's pediatric exclusivity, or a date no earlier than the expiry of any other patent extension or exclusivity to which Novartis is entitled, and an award of damages for any commercial sale or use of the Mylan ANDA Products and any act committed by Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited with respect to the subject matter claimed in the '659, '331, '938, and '134 patents, which act is not within the limited exclusions of 35 U.S.C. § 271(e)(1).

50. On information and belief, Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited have taken and continue to take active steps towards the commercial manufacture, use, sale, offer for sale, and/or importation of the Mylan ANDA Products, including seeking approval of those products under ANDA No. 213646.

51. There is a substantial and immediate controversy between Novartis and Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited concerning the '659, '331, '938, and '134 patents. Novartis is entitled to declaratory judgment under 28 U.S.C. §§ 2201 and 2202 that Mylan Pharmaceuticals Inc., Mylan Inc., and Mylan Laboratories Limited will infringe, induce infringement of, and/or contributorily infringe one or more claims of the '659, '331, '938, and '134 patents.
